Elmira Intergroup representative: In the many locations where an Intergroup has been formed, each group usually elects a representative, who participates in business meetings with other group representative's several times a year to share their group's experience in carrying the A.A. message. The intergroup representative tries to keep the group well informed about what the local intergroup is doing. Our intergroup in the Elmira District has a meeting once a month. Each group should elect a intergroup representative and send them to the intergroup meeting.
